## About Portfolio

The Core Adventurous Portfolio aims to generate returns through a combination of income and capital growth, with a strong emphasis on long-term capital appreciation. This strategy invests in open-ended funds, focusing on global equities to achieve its objectives.

### Who is the portfolio targeted at?

The portfolio is relevant for investors seeking a core, liquid investment solution, which focusses on traditional asset classes, namely, fixed income and equities. The portfolio is for highly risk-seeking investors with the risk tolerance and capacity for loss to accept significant portfolio drawdowns, and the price risks that would arise from a portfolio of around 90-100% equities. The model is suitable for higher risk investors who are looking to maximise long term returns through significant exposure to equity markets. This model portfolio is designed for those investors targeting capital growth.

The returns shown may not be the same as the returns of an investor's actual account. This is due to various factors, including the investment date of the investor and differences across platforms. The returns are calculated through Morningstar Direct, and are provided for illustrative purposes only, and should not be viewed as the performance of an actual account. All performance is shown net of the holdings' management fees and expenses and includes Binary Capital's annual management charge; however, it does not include the advisor fees or the platform fees. Therefore, the actual performance experienced will be lower once these charges have been taken into account. The information in this document is not intended to influence you in making any investment decisions and should not be considered as advice or a recommendation to invest. Any information provided may not be suitable for all investors. The model portfolio service is offered by Binary Capital Limited, which is authorised and regulated by the UK Financial Conduct Authority (FCA ref: 507900) to provide services to professional clients and is the entity providing the discretionary management services.
